## Fathers' Day

Father's Day is traditionally celebrated about the first weekend in the month of September every year. On this day we honor people who have accepted and responded to the call to be a father in parenting children. This is enormous, as it goes beyond biological terms to the responsibility of journeying with children biological or adopted. Additionally, we acknowledge men who shares in fathering spiritually through the vocation to the priesthood.

This occasion comes with appreciation as children use it to appreciate their dad, by giving of gifts, having meals together as a family and much more. It is a moment of reconnecting while recalling the discipline voice of dad and perhaps his mentoring role. Sometime, we dread them when we make mistakes, fearing they will scold us. Often we judge them beyond their capacity and resources. We are often dissatisfied with the attention they give us. We however, learn a lot from their sacrifice and cheers.

As we celebrate this year's we pray for all fathers' that they may respond to their vocation with joy and for those who may have passed on, that they may find respite in heaven.

Happy Fathers' Day to one and to all.
