I have taken a buildings inspector around to the nineteen buildings in the two parishes of Cooma and Bombala, surveying the presence of asbestos. The Catholic Church Insurance Co Ltd required an audit done on this. There is no need to worry so long as the asbestos (fibro sheeting in all cases) is properly maintained and not cracked or broken. This year's Project Compassion showcases the many ways we work around the world with our local partners to offer hope to people most vulnerable to extreme poverty and injustice.

As Pope Francis said, "The future does have a name... and its name is hope."

Through your generosity during Project Compassion this year, you are empowering communities with hope and helping those in great need to shape a better future for themselves, their families and their communities.
