For this I am very grateful.

For everyone who attended my Ordination and my Mass of Thanksgiving, it was an honour to share these significant events with you.
Please keep me in your prayers as I journey on as a priest of Jesus Christ!

PLEBISCITE ON SAME-SEX MARRIAGE

The current issue of same-sex marriage and the proposal to change the basic definition of marriage in Australia raises issues that are central to a society seeking maturity. We all know and love same-sex attracted people in our families, parishes and communities. They do feel particularly vulnerable in the current national discussions. Our respect and care reaches out to them as always. That been said, traditional marriage must be considered one of the great treasures of humanity. Clearly, Christianity has given it a particular sacramental understanding. Yet, the exclusive love sharing of a man and a woman that is open to the possibility of giving life to children has been a central benchmark of healthy societies over millennia. St John Paul II often wrote that society comes through the family. Strengthening society means strengthening marriage and families. How can changing the basic and enduring definition of marriage assist a strong society? Several recent Popes have also made the parallel with environmental ecology and human ecology. They rightly see their inter-connection. For example, why be strong on protecting the natural beauties of Australia but less so on protecting proven human beauties, like traditional marriage? Indeed, we seem to be strong on protecting the environment but seemingly more ready to endanger the delicate ecology of human relationships in re-defining marriage. Subjective considerations are significant but must be balanced carefully with objective truths about the value of traditional marriage and its links with the flourishing of society. Clearly, too, if overseas examples are a guide, many countries that have permitted same-sex marriage are now encountering all sorts of challenges regarding abuses to the fundamental rights of religious freedom and speech. Various ideologies can be asserted in a subtle manner as the new "right". Pope Francis warns us about the advance of an "ideological colonisation" in our world. Let us do all we can to protect traditional marriage from any legal re-definition. Make sure you vote! SPECIAL REQUEST FOR ASSISTANCE

One of our local families are heading to Nepal for a month from December to volunteer at a school and orphanage (called "The Hostel") in the village of Batase.

The village and surrounding villages were flattened in the 2015 earthquakes and much rebuilding has occurred. A new orphanage has been built for the children who were orphaned or sponsored to stay there.

A small group has been making quilts for each of the children in the Hostel. Currently there are 64 children in care and they would love to have one for every child. So far they have made 28 quilts to take, so are quite a few short.

If you would like to assist, there are some basic requirements. The quilts need to be new and preferably patchwork. They should be approximately 120cm x 170cm. If you can't make a quilt but would like to sponsor one, that would be wonderful. All sponsorship and assistance will be acknowledged on each quilt.

Two websites which relate to the work this family are taking part in are: www.takeonnepal.com.au and www.fhc.org

If you would like further information, I can put you in touch with the family. They don't want their identity to be general knowledge, hence I am acting as a contact point.

My email address is: deldarri@hotmail.com or my phone number is: (0400) 716-593.

Many thanks, Darrin Bear.
